THE INTERLINE CLERKS OF LOS ANGELES

To Be Moved to Topeka, Says General Manager Hurley.

Exaggerated reports have become public regarding the Santa Fe railroad move in transferring a portion of the work of the Los Angeles general offices to the general offices of Topeka.

J. E. Hurley, general manager of the company, denies emphatically that any such move is contemplated. "There is an element of truth in the report," says Mr. Hurley, "but it is absurd to state that the move will affect 200 men. It will, in reality, affect but about a dozen clerks and not more than twenty at the highest. There is nothing in the report that the office of superintendent of transportation will be removed to Topeka from Chicago."

Only a portion of the work of the auditing department will be transferred from the California office to Topeka. One auditing department, handles the auditing of passenger receipts and disbursements at Los Angeles, whereas there are three separate departments for the handling of the respective branches at Topeka.

The contemplated move will affect only the clerks in the Los Angeles offices who handle the auditing of "interline" accounts, both freight and passenger. By "interline" accounts is meant business that originates on some other road than the Santa Fe, and which passes over both the Atchison lines proper which are the lines from Chicago to Albuquerque and El Paso, and the Santa Fe coast lines, which are the lines between Albuquerque and Los Angeles and San Francisco.

As the business is now handled two separate settlements have to be made with eastern connections of the Santa Fe for business which originates on said eastern connections. The proposed changes which it is planned will be worked out within sixty days contemplate only the removal to Topeka of such clerks of the Los Angeles offices as handle the "interline" business, and the move is made for the purpose of facilitating the making of settlements of the "interline" business, making it necessary to handle but one set of accounts in making such settlements instead of two separate accounts, as is necessary under the present management.

TO BUILD LOW LINE TUNNEL AT ONCE

The big low line tunnel of the Santa Fe will at once be driven. The work of driving the big bore will be commenced inside of two months, says General Manager J. E. Hurley, who was in the city Sunday afternoon. Mr. Hurley states that the improvements now under way on the main line of the road between this city and Chicago are on the biggest scale ever known on the system.

The work of prospecting on the Trinidad side of the Raton tunnel has been completed and the diamond drill is now at work on the Raton side of the hill.

The positive statement from Mr. Hurley that the big bore will be pushed to completion at once, at once set all stories at rest, who have been in circulation to the effect that the big million dollar improvement would never be completed.

ROADS FOR WESTERN

PAINT OF NEW MEXICO
New Mexico, if it remains under that name, or greater Arizona, if joint statehood should carry, has a great future ahead, says the New Mexican. There are plans now maturing when within the next three years will cover the western portion of the territory with railroads and will bring into the territory surely one more east and west line and probably two. The great coal deposits of New Mexico and the gigantic mountains of iron ore now found to be located within its borders are attracting the attention of capitalists who brain, energy and ample resources to develop them and bring them into the industrial uses for which nature has destined them. Within the next five years New Mexico will show more progress and more material growth than it did in the fifteen years from 1885 to 1900, with

A way to look Young.

No uncertainty, no long waiting for results. Apply Hagar's Magnolia Balm to your face and you'll have a smooth, pink complexion. It is a delicately perfumed liquid which puts youthful beauty where signs of age begin to appear. Clears the skin of freckles, pimples, sallowness and other blemishes.

A FATAL MISTAKE.

Is Often Made by the Wisest of Albuquerque People.
It's a fatal mistake to neglect back ache. Back ache is the first symptom of kidney ills. Serious complications follow. Doan's Kidney Pills cure them promptly. Don't delay until too late. Until it becomes diabetes—Bright's disease. Read what an Albuquerque citizen says:

"Mrs. J. H. Smith, of 115 Huning avenue, wife of J. H. Smith, deputy sheriff, says: 'I have had back ache for a month so severe that every movement I made hurt, and I never knew the moment but the slightest strain on the muscles of the back brought a twinge that could only be described as excruciating. I went to a drug store for Doan's Kidney Pills and took them. The remedy stopped the annoyance. Since then I have had no necessity to use Doan's Kidney Pills nor any other medicine for aching across the small of the back.'"

For sale by all dealers. Price fifty cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

PAPER HANGING AND PAINTING.

All kinds of work done promptly and satisfactorily. Contracts taken. Leave orders at 714 West Tijeras avenue. W. F. WARDWELL.

Men and Women.

Do not let it be said that you are not taking care of your health. Doan's Kidney Pills are the best remedy for all kidney troubles. They are sold by all druggists, or sent in plain wrapper, by express, post paid, for \$1.00, or 3 bottles \$2.75. Circular sent on request.

Philadelphia, Pa., Dec. 22, 1902.
